

Tracker page for _____

I have completed this level on a2bsafely.com. Now I need your help. Please read my Tracker page with me and talk to me about it. It will help me to remember what I have learned. Encourage me to learn about road safety.

Stop, think, look, listen

Stop at the kerb. Think what to do next. Look both ways to check for traffic. Listen for traffic noise. When the road is clear and you can't hear any traffic coming you can cross.

Lollipop crossing

Even after the lollipop person gives you a signal to cross check that it is safe before stepping off the kerb.

Traffic lights

When the red man is showing it is a signal to stay on the pavement.

Crossing at the school gate

There might be distractions at the school gate. Make sure you concentrate and take your time before you cross the road.

Next steps

You are beginning to learn but you are not ready to go on the road on your own. You need someone to help you to practise. This could be someone in your family who looks after you, a teacher or a responsible family friend. Show them your Tracker page or ask them to log on to www.a2bsafely.com In this way you are helping them, to help you.
