

Tracker page for _____

I have completed this level on a2bsafely.com. Now I need your help. Please read my Tracker page with me and talk to me about it. It will help me to remember what I have learned. Encourage me to learn about road safety.

Stop, think, look, listen

Stop at the kerb. Think what to do next. Look both ways to check for traffic. Listen for traffic noise. When the road is clear and you can't hear any traffic coming you can cross.

Being seen

Make sure that you wear something bright so that traffic can see you.

Think for yourself

Another person might cross the road without looking. Do not follow them. You should use your own judgement before you cross the road.

Seeing clearly

If you have your hood up take it down before you cross the road so that you can see and hear clearly.

Crossing between parked cars

On a quiet road with parked cars make sure you stand where the drivers can see you clearly.

Next steps

You are beginning to learn but you are not ready to go on the road on your own. You need someone to help you to practise. This could be someone in your family who looks after you, a teacher or a responsible family friend. Show them your Tracker page or ask them to log on to www.a2bsafely.com. In this way you are helping them, to help you.
