

# Tracker page for \_\_\_\_\_

I have completed this level on a2bsafely.com. Now I need your help. Please read my Tracker page with me and talk to me about it. It will help me to remember what I have learned. Encourage me to learn about road safety.

## Crossing on a hill

Always avoid crossing on a hill. Find a safer place.

## Reversing car

Look for clues to see if a car is reversing. Stop, think, look and listen.

## Crossing between parked cars

This is not the best place to cross but sometimes you can. Stand where drivers can see you clearly.

## Road barriers

Railings and barriers along the pavement are there to keep you safe. Never be tempted to jump over them even to see a friend.

## Lollipop crossing

Always walk in front of the lollipop person when you get the signal to cross

## Next steps

You are beginning to learn but you are not ready to go on the road on your own. You need someone to help you to practise. This could be someone in your family who looks after you, a teacher or a responsible family friend. Show them your Tracker page or ask them to log on to [www.a2bsafely.com](http://www.a2bsafely.com) In this way you are helping them, to help you.
