

Tracker page for _____

I have completed this level on a2bsafely.com. Now I need your help. Please read my Tracker page with me and talk to me about it. It will help me to remember what I have learned. Encourage me to learn about road safety.

Being prepared

Tell someone where you are going and take everything that you are going to need.

Getting on the bus

Wait for the bus to stop and open its doors. You can ask the driver if you are on the right bus. Have the right money or bus pass

Bus timetable

You might have a bus timetable. If not check at the bus stop for the bus number and times.

Traffic light crossing

Sometimes a beeping sound tells you that the green man is showing.

Looking around

Look out for places that you recognise. This will help you know which stop to get off the bus.

Getting off the bus

Ask the driver where the stop is for your return journey. Step onto the pavement and stand back from the kerb.

Next steps

You are beginning to learn but you are not ready to go on the road on your own. You need someone to help you to practise. This could be someone in your family who looks after you, a teacher or a responsible family friend. Show them your Tracker page or ask them to log on to www.a2bsafely.com In this way you are helping them, to help you.
