

# Tracker page for \_\_\_\_\_

I have completed this level on a2bsafely.com. Now I need your help. Please read my Tracker page with me and talk to me about it. It will help me to remember what I have learned. Encourage me to learn about road safety.

## On the bus

When the bus is moving be sure not to distract the driver and to sit quietly.

## Stopping the bus

When it is time to get off, press the bell and wait. Be careful to remain seated or hold on tight before getting off.

## Thinking ahead

On the way check for landmarks that will help you to find the bus stop for your return journey. Make sure you have enough money to get home.

## Zebra crossing

Stop, think, look and listen. Zebra crossings are safer places to cross but you must still be very careful, don't cross until the road is clear or the traffic has stopped.

## Narrow pavements

It is better to stay on the pavement away from the road by walking behind your friends if the pavement is too narrow.

## Pedestrian-friendly area

You will sometimes find streets in town centres which are pedestrian-friendly walkways. Cars have limited access.

## Next steps

You are beginning to learn but you are not ready to go on the road on your own. You need someone to help you to practise. This could be someone in your family who looks after you, a teacher or a responsible family friend. Show them your Tracker page or ask them to log on to [www.a2bsafely.com](http://www.a2bsafely.com) In this way you are helping them, to help you.
