

Tracker page for _____

I have completed this level on a2bsafely.com. Now I need your help. Please read my Tracker page with me and talk to me about it. It will help me to remember what I have learned. Encourage me to learn about road safety.

Stop, think, look, listen

When crossing at a driveway, always stop, think, look and listen to make sure there is no traffic.

Listening to music

When you are on the pavement you need to hear the traffic. Remove your headphones.

Walking in a car park

Treat a car park as if it was a road. Stay on the pavement or follow the pedestrian walk way.

Traffic light crossing

Press the button and wait for the green man to show. Do not cross until the traffic has stopped. Look both ways as you cross.

Be seen

Wear something bright so that traffic can see you.

Skateboards

Skateboards and roller blades should not be used where people are walking.

Next steps

You are beginning to learn but you are not ready to go on the road on your own. You need someone to help you to practise. This could be someone in your family who looks after you, a teacher or a responsible family friend. Show them your Tracker page or ask them to log on to www.a2bsafely.com In this way you are helping them, to help you.
