

# Tracker page for \_\_\_\_\_

I have completed this level on a2bsafely.com. Now I need your help. Please read my Tracker page with me and talk to me about it. It will help me to remember what I have learned. Encourage me to learn about road safety.

## Stop, think, look, listen

Think about bicycles as well as cars. Bikes make almost no noise.

## Texting near traffic

If you want to send a text message move to a safe place away from the traffic and other pedestrians. It is dangerous to text near traffic.

## Think for yourself

If another person crosses the road when the red man is showing, do not be tempted to follow. Wait for the green man.

## Parked cars

Sometimes a car will reverse out in front of you in the car park. The driver may not have seen you. Be careful.

## Next steps

You are beginning to learn but you are not ready to go on the road on your own. You need someone to help you to practise. This could be someone in your family who looks after you, a teacher or a responsible family friend. Show them your Tracker page or ask them to log on to [www.a2bsafely.com](http://www.a2bsafely.com) In this way you are helping them, to help you.
