Pavements

The pavement may not always be clean and dry.

Stop, think, look, listen

Even when there are two of you wait for the green man, at a traffic light crossing.

Obstacles

If the pavement is slightly blocked make sure you do not go onto the road.

Judging distance

You can tell by looking and listening if a car is close to you or far away.

Judging speed

You can tell by looking and listening if a car is travelling slowly or fast.

Barriers

The barrier is there to protect you from the traffic. It is are forbidden to cross here

Next steps

You are beginning to learn but you are not ready to go on the road on your own. You need someone to help you to practise. This could be someone in your family who looks after you, a teacher or a responsible family friend. Show them your Tracker page or ask them to logon to www.a2bsafely.com In this way you are helping them, to help you.
