

Tracker page for _____

I have completed this level on a2bsafely.com. Now I need your help. Please read my Tracker page with me and talk to me about it. It will help me to remember what I have learned. Encourage me to learn about road safety.

Traffic light crossing

When you reach the island in the middle of the road you will have to press the button again and wait for the green man.

Keep looking ahead

It is important to keep your head up in case you bump into someone or something.

Dropping a ball

Do not be tempted to play with a ball near a road. A car might swerve to avoid a ball and hit something.

Making judgements

You can tell by looking and listening how fast a car is going and which direction it is heading in.

Crossing near a roundabout

Stop, think, look and listen.. This is a difficult place to cross. You must look all around you.

Next steps

You are beginning to learn but you are not ready to go on the road on your own. You need someone to help you to practise. This could be someone in your family who looks after you, a teacher or a responsible family friend. Show them your Tracker page or ask them to logon to www.a2bsafely.com In this way you are helping them, to help you.
